

Please complete the arrival info form to help us manage reception for you ([FORM](#))

Competitors should access the dinghy park via Fore Street on East Looe. As a reference the petrol station is situated on East Looe

If your Sat Nav sends you to an area named the Barbican where you will see the Academy & Primary Schools, then **DO NOT** tow your boat down Barbican Hill, return to the main road where you will see the local church and head south to enter town on the main road.

Follow the one-way system along Fore street through town until you return to the river where you will find the RNLI station & shop on your left and access to the dinghy park  which lies between the RNLI station and the beach

The middle bollard at the top of the slipway can be lifted to allow access to the dinghy park. No vehicles or road trailers on the sea front / dinghy park please.

For full details on trailer storage and arrangements for access by larger vehicles (campers) [Click Here](#)
